## Professional Summary

B.Tech Computer Science and Engineering student with hands-on experience in **Python, Artificial Intelligence fundamentals, software development, and problem solving**. Strong foundation in **Python, SQL, OOP, DSA, and DBMS**, with practical experience through internships and software projects.

## Technical Skills

| | |
|---|---|
| **Programming** | Python, SQL, JavaScript |
| **Python Libraries** | NumPy, Pandas, Scikit-learn, Matplotlib |
| **Database** | MySQL,Mongodb |
| **Tools&Platforms** | Git, GitHub, VS Code, Jupyter Notebook |
| **Web Technologies** | HTML, CSS, JavaScript |

## Internship Experience

**Google AI/ML Intern – EduSkills Foundation** *January 2026*

– Gained practical exposure to Artificial Intelligence and Machine Learning concepts through hands-on learning and applications.

**Python Full Stack Developer Intern – Decode Labs** *July 2026*

– Gained hands-on experience in Python-based full-stack development, web applications, databases, and version control.

**Full Stack Developer Intern – SmartBridge** *April 2026*

– Developed web applications by integrating responsive front-end components with back-end APIs.

– Worked with application workflows, database interactions, and Git-based development practices.

## Projects

**AI-Based E-Commerce Product Recommendation System** *Python — Pandas — NumPy — Scikit-learn*

– Developed a recommendation system for personalized product suggestions using customer and product data.

– Performed data preprocessing and implemented recommendation logic using Python and Scikit-learn.

**Book a Doctor Platform** *Full Stack Development*

– Developed an appointment scheduling platform with patient profiles and doctor availability tracking.

– Implemented input validation and scheduling logic to improve application reliability.

## Education

**B.Tech in Computer Science and Engineering** **2023 – 2027**
*Srinivasa Institute of Engineering and Technology*
**CGPA: 8.85/10**

**Intermediate (Class XII)** **2021 – 2023**
*A.F.D.T Junior College*
**Percentage: 87.4%**

**Secondary School Certificate (SSC)** **2015 – 2021**
*Z.P.H School*
**Percentage: 97.3%**

## Certifications

– **Programming in Python – NPTEL**

– **Artificial Intelligence Fundamentals – IBM**

– **Introduction to Machine Learning – Infosys Springboard**

## Achievements & Activities

– Achieved **86%** in NPTEL Programming in Python certification.

– Maintain regular coding practice on **LeetCode** and **HackerRank** to strengthen programming and problem-solving skills.
